

Serial No.: 10/510,572
Atty. Docket No.: P70170US0

REMARKS

Applicants have received the Notice of Allowability and appreciate the Examiner's indication of allowance as well as his identification of informalities noted in the specification.

By this Amendment, Applicant has amended claims 1 and 2, and has corrected the informalities noted by the Examiner as well as others identified upon review. The text added to page 1 of the specification replaces the previous references to the claims with the corresponding claim text and therefore does not represent new matter. Applicant has also provided proposed changes to Figures 1-3 which will be incorporated into formal drawings to be filed concurrently with payment of the issue fee absent further objection by the Examiner.

Should the Examiner have any questions or comments, the Examiner is cordially invited to telephone the undersigned attorney so that any outstanding matters may be resolved.

Respectfully submitted,

JACOBSON HOLMAN PLLC

IN THE DRAWINGS:

As shown in red in the attached drawing, Applicant has amended Figures 1-3 to include descriptive legends in the boxes. Favorable consideration and entry of revised Figures 1-3 is requested. If the Examiner has any outstanding objections, he is requested to call the undersigned attorney so that the matters may be resolved prior to filing of the formal drawings. In the absence of any objection, formal drawings incorporating the changes proposed herein will be filed concurrently with payment of the issue fee.
